

# Côtes-du-Rhône Blanc "Fleur de Lune"

---

## Terroir

The plots of land producing our Côtes-du-Rhône Blanc are located at the foothills of Châteauneuf-de-Gadagne. The grapevines grow in a clay and limestone soil for the Clairettes and the white Grenaches and in a silty soil for the Viogniers.

## Tasting

A shiny golden-straw colour. A fruity fragrance with scents of pears and pineapples. Delicate and fresh, the aromas of white fruits preponderate at first (peach, pear), then the wine turns full-bodied with hints of poached fruit and honey and finally ends on a mineral note.
